5. Maintenance Work

Mon. 08/Tue. 09 Heavy rain over two days caused the small stream in the field to the south of the path down from the car park to overflow and flood the path, washing away much of the gravel. It also flooded the field on the northern side of the path. **Jim** decided to contact **Colin Paterson**, who farms the fields on either side of the path, and ask him to dig out the stream.

Fri. 12 **Derek Campbell** and **Richard Arnott** helped **Jim** to fill in the potholes on the Forest Road.

Mon. 15 **Colin Paterson** kindly dug out the stream running parallel to the path from the car park to the Reserve.

Wed. 17 **Jim** raked up the mud and leaves from the Forest Road between the storage containers.

Sat. 20 **Jim** resurfaced the section of path where the gravel had been washed away.

Sun. 21 **Jim** raked some of the Reserve and Woodland Walks.
